

FISCAL NOTE

HB 3333 - SB 3301

February 12, 2004

SUMMARY OF BILL: Specifies that multi-year contracts by governmental entities for painting and maintenance of water storage tanks and facilities are not required to be competitively bid if such contract specifies that the governmental entity is not obligated to make payment in an amount exceeding the income and revenue provided for such year.

ESTIMATED FISCAL IMPACT:

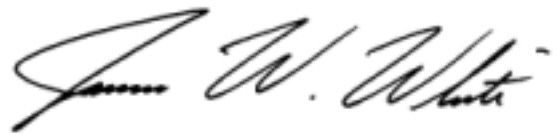

Increase Local Govt. Expenditures - Less than \$100,000 / Permissive

Estimate assumes:

- to the extent a governmental entity chooses not to competitively bid such contracts, it may pay more for such service than in a competitive bid process.
- a governmental entity would not choose to pay significantly more for such service, so any increase in expenditures is estimated to be less than \$100,000 statewide.
